The purpose of Children's Week, held nationally, is to raise awareness of the needs, interests, rights and achievements of children and young people and to assist them to realise their individual potential.

The presentation of Awards allows the ACT Children's Week Committee to give public recognition to individuals or groups for outstanding contributions to the needs, welfare and interests of children, either in a voluntary or paid capacity.

We are looking for people in the community who *'make a difference'* for children, not forgetting the *'quiet achievers'*. We also seek nominations for young people who make a difference and are a role model for others.

Selected Award recipients will be presented with Awards at the 2010 ACT Children's Week Launch Ceremony to be held at the National Museum of Australia on Wednesday 27 October – Universal Children's Day. All other Award nominees will receive an Award Certificate and congratulatory letter in the mail during Children's Week.
